

Mads Arnbjoern Rasmussen is CTO/CSO at Huawei Denmark.

Before joining Huawei in 2015, Mads has always worked with operators, being responsible for network development, sourcing, planning, building and operation & maintenance.

Mads has for the last 25 years been working as a manager at strategic level, and has therefore significant experience in translating technical news into business opportunities and communicating this to peers and management boards.

Mads has practical experience with almost all kinds of telecommunication networks, such as mobile, fiber-access and transmission, cable, VAS, microwave, video, satellite etc.

Lately, Mads has also taken the responsibility for security in the network solutions of Huawei Denmark.

Mads graduated from the Technical University of Denmark in 1986 with a Master Degree in optical fiber communication and has added a business education at INSEAD, France from 1993 to 1995.
